

Garden History - 2618 Henry Street

2618 Henry Street was built in 1936 as a 3 bedroom and 2 bath, 1800 sq ft cottage. Mark and Christie Maund bought the home in 2016 and with the help of the late Jimmy Garren, added on 3 more beds and 3 more bathrooms and converted the old garage into the guest house.

Christie Maund had always loved pink roses and put in a rose garden. The grounds are simple and easy. They remind me of a true Augusta home with box woods, azealas, loropetalums, and holly trees.

However, the best part of this backyard is that it backs up to my sister and brother in law, Justin and Virginia Bundy. Most days, you will find their 4 year old son, Tucker, and 6 month old, Porter, playing with their cousins, Connelly, 4, and James, 2, on their new replica 16th green from the Augusta National. The opportunity to raise our children together in Summerville with all its glory is truly what dreams and life's landscapes are made of.
